Message from Club President – Chen Kwong Fatt

Dear Club Members

We have come a long way since the inception of the Lion Group (Steel Division) Sports and Recreation Club in the year 1987. Together we have chalked up many milestones with more members joining the Club in the last 3 years. Currently, there are 3304 members from 13 participating Companies within the Steel Division.

The Club has over the years organised games such as Badminton, Football, Sepak Takraw, Bowling, Futsal, Netball, Table Tennis etc. The Club has also organised recreational activities such as Jungle Trekking, Treasure Hunt, Melaka Trip, KL Day Trip, Fishing etc.

In addition to that, Club Members have also held friendly matches with neighboring companies to promote a healthy and active lifestyle while fostering closer relationships. The high level of commitment and team spirit by Club Members in the sports and recreational activities is overwhelming.

I would like to take this opportunity to thank all our valued Committee Members, Company Representatives and Club Members for your enthusiasm and dedication in organizing and participating in the various events by the Steel Division Sports Club.

We look forward to your continuous support and participation in our upcoming activities. We hope you will enjoy reading our first inaugural Annual Edition of the Lion Group (Steel Division) Sports and Recreation Club Magazine.

Thank you

LION..... BOLEH !!!

Jungle Trekking @ FRIM

Organised by Amsteel Banting

8 & 9 MAY, 2010 – SATURDAY & SUNDAY - 69 members took part in a 2 days 1 night jungle trekking and indoor activities such as Paper Aeroplane Competition, Tickling Game, Be'Puzzle'd and Newspaper Game at the Forest Research Institute Malaysia, Kepong.

FRIM nature landscapes are remarkable... and fun! Just 85 years ago, the grounds were barren tin mine pits and it is now flush with rainforest trees where city dwellers escape to the undisturbed and unpolluted nature scenery. The Rainforest Canopy Walkway is a pleasurable stroll in the treetops. The suspension bridge walkway is 200 metres (680 feet) long with 3 wood-decked observation platforms.

Team D'Ultimate emerged overall champion for their efforts and teamwork in all the activities. It was a fun and memorable experience for all the participants and helped to foster better inter-company relationships amongst the staff.
